Liverpool

We need more trains now!

Join the Community Campaign for better public transport in the Lidcombe - Bankstown - Liverpool area

Tell the State Government and Sydney Trains to restore Liverpool to City via Regents Park services

Liverpool needs more connections to Sydney and the City - the express via Bankstown will be cut due to Sydney Metro's Sydenham - Bankstown construction

More trains to Liverpool via Regents Park (Inner West Line) reduces overcrowding on the T2 Line via Granville and the T3 Line via Bankstown
