

PETITION

To the Honourable the Speaker and Members of the
Legislative Assembly of New South Wales.

The Petition of residents and commuters of Western and South West Sydney

Brings to the attention of the House:

- The removal of the Inner West Line train service (Liverpool via Regents Park) resulting in increased interchange/overcrowding at Birrong, Lidcombe and Strathfield
- The removal of express trains on the Western Line resulting in increased travel times in excess of 10 minutes from Lidcombe, Auburn, Granville to the City
- The removal of all direct trains to City Circle for 19,000 commuters west of Bankstown (at Berala, Regents Park, Sefton, Chester Hill, Leightonfield, Villawood, Carramar, Birrong and Yagoona) due to Sydney Metro Southwest
- The lack of NightRide services at Carramar, Birrong, Yagoona
- The need for lifts and accessibility upgrades at stations west of Bankstown (e.g. Chester Hill, Villawood, Carramar)

The undersigned petitioners therefore ask the Legislative Assembly to: restore the Inner West Line to Liverpool via Regents Park, restore express trains for Lidcombe, Auburn, Granville, Save the T3 Bankstown Line (maintain heavy rail direct to City Circle), provide NightRide services and accessibility upgrades for all stations west of Bankstown
